

74° Congresso SISVET

Società Italiana delle scienze Veterinarie

SOIPA

23 Giugno 2021

10.30-11.50

POSTER SESSION

Moderatori:

Prof. Giuseppe Cringoli

Prof. Ezio Ferroglio

ID EASYCHAIR	Authors	Title
31	Annalisa Accorsi, Enrica Berio, Valeria Listorti, Monica Dellepiane, Tiziana Andreoli, Chiara Masotti, Carlo Ercolini and Elisabetta Razuoli	Results of tick identification from wildlife in Liguria (2018-2021)
182	Marika Grillini, Giuditta Zanotelli, Antonio Frangipane di Regalbono and Giulia Simonato	Serological survey on cat Heartworm disease in North-eastern Italy: preliminary results
301	Martina Ottaviano, Laura Pacifico, Mia Canestrini, Tommaso Notomista, Francesco Buono, Elisa Castaldo, Martina Antoniciello, Nicola D'Alessio, Alessandro Fioretti, Giuseppe Cringoli and Vincenzo Veneziano	Endoparasites of wolves (<i>Canis lupus</i> Linnaeus, 1758) from southern Italy – preliminary results
307	Alessandro Marigliano, Lisa Guardone, Francesca Mancianti, Michela Maestrini and Stefania Perrucci	Molecular identification of <i>Encephalitozoon pogonae</i> in central bearded dragon (<i>Pogona vitticeps</i>) from Italy
172	Luca Villa, Alessia Gazzonis, Carolina Allievi, Giordano Ventura, Matteo Gradassi, Sergio Zanzani and Maria Teresa Manfredi	Serological exposure to <i>Toxoplasma gondii</i> and <i>Neospora caninum</i> in wild boars from an anthropized area in Italy
173	Alessia Libera Gazzonis, Sara Panseri, Sergio Aurelio Zanzani, Luca Villa, Luca Rapetti, Luca Chiesa and Maria Teresa Manfredi	In vitro evaluations of the efficacy of bioactive fodder and products containing condensed tannins on gastrointestinal nematodes of goats
290	Sergio Zanzani, Alessia Libera Gazzonis, Luca Villa, Mario Villa, Giorgio Zanatta and Maria Teresa Manfredi	Gastrointestinal nematodes of dairy goats: which predictors for faecal egg count during the late lactation and dry period?

74° Congresso SISVET

Società Italiana delle scienze Veterinarie

314	Martina Antoniciello, Laura Pacifico, Maria Francesca Sgadari, Nicola D'Alessio, Roberto Scialla, Martina Ottaviano, Vincenzo Caputo, Marina Pompameo, Brunella Restucci, Aniello Anastasio, Alessandro Fioretti and Vincenzo Veneziano	Food borne parasites in wild boar in southern Italy
318	Lisa Guardone, Daniele Petrini and Francesca Mancianti	<i>Lernea</i> sp. in a pet axolotl (<i>Ambystoma mexicanum</i>): a case report
325	Roberta Galuppi, Antonio Bosco, Filippo Maria Dini, Giuseppe Mangeri, Paola Pepe, Laura Rinaldi and Giuseppe Cringoli	Survey on dermatophytoses in ruminant farms of Basilicata region
327	Manuela Diaferia, Alessandra Di Salvo, Marilena Bozzano, Fabrizia Veronesi, Roberta Galarini, Fabiola Paoletti, Beniamino Tesei, Amy McLean, Vincenzo Veneziano and Fulvio Laus	Anthelmintic efficacy and pharmacokinetics of ivermectin paste after oral administration in mules infected by cyathostomins
328	Alice Vismarra, Luigi Venco, Laura Kramer and Marco Genchi	Successful treatment of pleural and peritoneal larval mesocestodiasis with fenbendazole in two dogs
329	Andrea Gustinelli, Monica Caffara, Perla Tedesco and Maria Letizia Fioravanti	Negligible risk of zoonotic parasites in Italian aquaculture
330	Giulia Morganti, Giulia Rigamonti, Maria Chiara Marchesi, Giovanni Angeli, Iolanda Moretta and Fabrizia Veronesi	Preliminary investigation on the correlation between <i>Toxoplasma gondii</i> infection and epilepsy in dogs
332	Lavinia Ciuca, Alice Vismarra, Wilfried Lebon, Frederic Beugnet, Rodrigo Morchon, Laura Rinaldi, Giuseppe Cringoli, Laura Kramer and Marco Genchi	Serological diagnostic approach in experimentally infected dogs with <i>Dirofilaria repens</i>
